JUNIOR VISUAL / GRAPHIC / WEBSITE LAYOUT DESIGN

Emerging visual designer with an associate degree in fashion, strong drawing skills, and experience creating website layout concepts without coding. Brings creative thinking, an eye for color and composition, and interest in branding and visual communication. Seeking remote junior graphic, digital, and creative support roles.

CREATIVE SKILLS

Website page layout concepts • Drawing & illustration • Composition & typography • Color palettes • Concept development • Fashion-informed visual design

DESIGN SOFTWARE

[Add only tools you actually use: for example, Canva, Adobe Illustrator, Photoshop, Procreate, Figma, Wix, Squarespace, etc.]

SELECTED WORK / PORTFOLIO PROJECTS

[Website layout / redesign project] | *[School / Personal / Freelance] · [Year]*

- [Describe the pages or screens you designed, the visual direction, and tools you used.]
- [Explain your approach to readability, colors, typography, mobile layouts, or brand consistency.]

[Branding / illustration project] | *[School / Personal / Freelance] · [Year]*

- [Describe the logo, graphics, layouts, or visual assets you actually created.]

EXPERIENCE

[Job title] — [Employer / Client / Volunteer organization] | *[Month Year] – [Month Year]*

- [One truthful, action-oriented bullet. Include design work, customer service, project coordination, or related transferable skills.]
- [Another accomplishment or responsibility; remove this section if you have no experience to report.]

EDUCATION

Associate degree in fashion — [Exact program name] | *[College / School] · [Graduation year]*

[Optional: relevant coursework, honors, exhibition, capstone or fashion collection—only if applicable.]
